Hartley Wintney Show June 14th

This years show was a shadow of its former being, due to the decision by the Hart Council to move the display cars to the rear of the Hartley Wintney Infants School, the reason for this was that the fair was hurting the toes (sorry roots) of the Oak trees, and therefore the fair had to be moved to where we usually have our car show, very clever are our councillors who can now converse with 250 year old Oak trees.

If it was not for the efforts of George (Lions) and our Trevor M, we would not have had a show this year.

We still had about 30 to 40 cars arrive on site, and with the help of the fete organisers asking the public to visit our cars, this helped save the day, previously our car show had always been part of the village fete and very well attended and enjoyed by all.

We would like to thank all those who took the trouble to find us and bring their cars to display. Next year we hope to have a better place to hold our Classic car show.

French Leave 9-18th June 2025

On Monday 9th June a group of enthusiasts with 6 classic / historic cars met up to catch the overnight ferry from Portsmouth to Caen. The 4 cars from the NHAEG were an MGB GT, MG Midget, MG super Sports 4 seater and an Austin 12 open tourer. Additionally two other couples arrived in an Austin Healey 3000 and an MG 18/80 Mk II saloon.

After disembarking the following morning we made a short trip to the D day landing beaches at Juno & Gold before reaching our first hotel which was near Crepon, about 20 miles south of the coast. We spent 4 nights at the hotel and explored the area including visits to the British Normandy Memorial at Ver sur Mer and the Utah / Omaha beaches.

Arriving at the first hotel

The second hotel where we stayed for 3 nights was about 50 miles south at the spa town of Bagnoles de l'Orne. This is a picturesque holiday resort centred around a large lake. Getting used to the French way of life was difficult at first when we discovered everything closes midday for 2-3 hours and then the restaurants do not open until after 7pm. Not sure how they make enough money to survive ?

Bagnoles de l'Orne

Finally it was time to venture home and an 80 mile drive to St Malo where in true form most of us got lost before locating the rendezvous car park to await another overnight ferry crossing.

Overall we did about 350 miles and there were no mechanical breakdowns which is amazing because 3 of the cars dated back to 1925/29s and 1930s.

Our thanks to Chris K for making the bookings and leading the way and to Janice for translating with the natives.
